## OUR DAY AT SCHOOL

Our daily curriculum is designed through a multitude of activities based on play that fosters creative expression and world discovery.

We work to develop important pre-reading skills such as phonics, sequencing, number, letter, and shape recognition.

Our program emphasizes self-help skills and problem solving techniques, as well as developing friendships and positive social skills.

Our classes begin the week after Labor Day and run through May. Servant Schoolhouse Preschool follows the Anoka-Hennepin District School calendar.

We have initial conferences in September, two one-on-one conferences throughout the year, and an end of the year celebration in May.
